EXPERIENCE

Freelance, New York, NY – Web Developer

June 2022 – PRESENT

- Designed and prototyped fully responsive websites with strong SEO to bring client's visions to life
- Connected to various backend services depending on project's needs
- Developed quick, modern, and fully responsive websites using modern web technologies

Renewable Navi, New York, NY – Software Engineer

October 2021 – June 2022

- Built and maintained a responsive and user-friendly front end using ReactJS, following best practices for performance and accessibility
- Collaborated with the backend developer to architect the database and API and connect to their Flask backend
- Utilized Git for version control and Jest for unit testing

Actor, New York, NY – Actor

April 2018 – January 2022

- Performed in front of live audiences, delivering engaging performances
- Played a leading role in an independent film, fulfilling a dream
- Worked with various acting and vocal coaches to build up my confidence and foster my performative skills and creativity
- Worked various gigs over the years to support the starving artist lifestyle including moving, fabricating, and catering
- Learned how to appreciate the little things in life and make the most out of a small budget

PROJECTS

Sorting Algorithm Visualizer

- This is my favorite personal project. I became skillful working with CSS animations and developed a deep understanding of the major sorting algorithms

Senior Project

- Focused on developing the CI/CD pipeline of a forex application built on .NET Core
- Utilized Azure DevOps features such as version control, work tracking, and artifact management to support collaborative software development
- Worked with the backend and frontend development teams to automatically build, test, and deploy their code

EDUCATION

Florida International University

B.S. Computer Science, 2015-2019

Relevant Coursework:

- Data Structures and Algorithms
- Theory of Algorithms
- Probability & Statistics
- Software Engineering
- Database Management

SKILLS

- Typescript / Javascript
- HTML/CSS
- SQL
- C++
- Python
- ReactJS / NextJS
- FIGMA

INTERESTS

- **Sailing:** I come from a family of sailors and have enjoyed the sport since childhood
- **Acting:** Even though I've decided to pursue a career as a developer, acting will always be a fun hobby
- **Basketball:** My favorite sport to play. I can often be found at the Central Park basketball courts playing pickup
- **Soccer (Football):** My favorite sport to watch. Still feeling a buzz coming off Argentina's world cup win against France
